Brussels,
PRES(2008) D/167

Dear Mr. Kantor,

I am pleased that we had the opportunity to meet and exchange on a wide range of subjects of common interest for the European Jewish Congress and the European Commission. I took good note of your proposal to commemorate the 70th anniversary of the Kristallnacht with a high level event in Strasbourg.

This initiative will undoubtedly contribute to preserve the memory of last century's tragic events and convey a message of tolerance and humanity for future generations.

With sincere regards,

José Manuel BARROSO
